LANGPORTS' ACADEMIC WAY

Langports aims to be unique in all ways: in what it does, in what it offers and in what it achieves. We are constantly striving to get the best outcomes for our students. This especially relates to our academic program, where we have used many years of experience and a wealth of knowledge to create the Langports' Academic Way – L.A.W.

What is L.A.W.?

Instead of simply relying on the traditional English language textbook approach, our teachers are **trained to be able to teach beyond the textbook**, exploring the important areas of grammar and vocabulary. Modern research has highlighted the importance of grammar and vocabulary being taught together, especially in the classroom.

In order to achieve this, teachers at Langports, through our **in-house teacher training program**, are trained on how to teach grammar and vocabulary and how to make it more understandable and enjoyable for students.

Common feedback from our students is that Langports teachers are able to answer their grammar questions clearly and easily, **creating more 'light-bulb' moments** – this is a result of L.A.W.

LANGPORTS' PATHWAYS

After studying at Langports, enter one of our partner institutions directly!
